Tabane Primary School

- All learners were able to show their dedication towards the achievements of their goals.
- All learners were able to show their dedication towards the achievement of their goods.

- The camp came the time is too cold and in a very short.
- I have circled number 9 because most learners are showing dedication towards the goals they want to achieve.

Tlhame Primary School

- Substantial effectiveness.
- The camp was fruit full.

6. On a scale of 1-10 with one being poorly presented and ten being presented very well, please evaluate the presentation of the camp.

Dipere Primary School

- Well presented.
- The presentation was on high standard
- Well presented
- Everything in the camp was done according to the time said. Learners are still remembering what they were taught during the camp.
- Learners were given lessons on particular topic and thereafter they were given activities.

Nkotalane Primary School

- Everything thing was us to a standard. All their practitioners were active teaching learners with that heart of love and interests.

Tabane Primary School

- Extremely presented and learners were enjoying and participating in all activities.
- The camp was well presented and our learners enjoyed everyday activities.
- The presentation were good and they stimulate learners cognitive development.
- The camp was well presented and our learners enjoyed every day activities.

Tlhame Primary School

- Presentation was outstanding.
- Learners participated actively through play
- Well organized.

7. On a scale of 1-10 with one being not helpful and ten being extremely helpful, please evaluate how helpful you feel the camp was for your learners.

Dipere Primary School

- The camp was extremely helpful because it kept the learners away from the street during the World Cup and they did enjoy it.

- According to my view the camp was extremely helpful because it kept learners away from the street and they did enjoy it.
- The camp was extremely helpful because learners enjoyed it, able to share what happened and it kept learners away from the (roaming around)
- Not understanding some of the events. At long last understood and enjoy the camping.
- Learners were taught about their self-concept how to behave themselves and that where ever they are God is great.
- Learners were kept busy doing things to help them in future rather than doing nothing at home or being abused.

Nkotolane Primary School

- It taught learners many things e.g. handworks, communication and learning
- Teach them many things, how to communicate and also play was involved in learning and teaching

Tabane Primary School

- Learners were kept safely from loitering around.
- It kept our learners safe from the dangers roaming around doing nothing or loitering around.

- It kept our learners safe from the dangers of roaming around doing nothing.

Tlhame Primary School

- It was helpful to learners to understand and know some Biblical words.
- The camp kept learners away from danger, drugs and other abuses
- They will be able to cope with challenges in their life.
- It kept learners focused and away from engaging in unacceptable activities prevalent in our streets.

8. On a scale of 1-10 with one being not likely and ten being extremely likely, please evaluate the likelihood that you/your school would want to partner with Mmametlhake Family Care Centre for future events.

Dipere Primary School

- Education is the key to success and Mmametlhake Family Care Centre do care for the children and they know how to deal with them.
- Yes, because education is not longer an educational issue but a social issue.
- Lessons that were taught during the camp link with those that are taught at school. Some activities helps them to communicate and to have confidence when answering questions.
- Mmametlhake Family Care and education share the most common thing and it will for outmost important if the two can partner.
- We really want to partner with Mmametlhake Family Care Centre.

Nkotolane Primary School

- It helps us a lot because children would listen more to the new people unlike their educators.

- Practitioners of MFCC should be given chance to come and handle learners in classroom to educate them based on school learning areas.

Tabane Primary School

- In future, Tabane Primary would like to partner with Mmametlhake Family Care Centre because our learners were physically and mentally developed.
- In future Tabane Primary would like to partner with Mmametlhake Family Care Centre because our learners were physically and mentally developed.
- Learners are no more going around during their school holidays.
- We need to partner with Mmametlhake Family Care Centre in future because we learned a lot from them.

Tlhame Primary School

- They liked the camp.
- It will develop learners in totality.
- To hold the camp again.
- As an institution, we have realized and became aware that the Family Care Centre can bridge the knowledge gap that existed in education system, and thus it enhances the likelihood of partnership.

9. On a scale of 1-10 with one being not likely and ten being extremely likely, please evaluate the likelihood that you/your school would want to partner with Mmametlhake Family Care Centre for a holiday camp next year.

Dipere Primary School

- The camp keeps the learners busy. It motivates our children to be good leaders of tomorrow.
- Yes: I feel you should take them along when taking them to holiday camp.
- This will be wise decision for the future of our learners
- It keeps learners busy; teaching them different activities like art; drama and dance as part of our curriculum. It also develops them mentally and physically.

Nkotelane Primary School

- .We can be very grateful if such camp can come again at our school.
- We can appreciate that, if a trip can be arranged.

Tabane Primary School

- Our school would want to partner with Mmametlhake Family Care Centre for mentoring our learners emotionally, mentally, spiritually and physically in preparation for school re-opening.
- We need to partner with Mmametlhake Family Care Centre in future because we learned a lot from them.
- Learners activities were intergrate with one another.
- In future we would like our learners to partner with Mmametlhake Family Care Centre for developing our learners spiritually, physically, emotionally and mentally in preparation for school reopens.

Tlhamo Primary School

- Learners liked practical activities.
- The camp will assist learners moral behaviour.
- As an institution, we have realized and became aware that the Family Care Centre can bridge the knowledge gap that existed in education system, and thus it enhances the likelihood of partnership.

10. Additional Comments:

Dipere Primary School

- We hope that in future you must come and assist us as part of Mmametlhake community. This will maybe reduce the rate of criminals and our learners will be raised under a good care and supervision. Our learners were so interested with what you were doing with them and we are also pleased if you can visit us to give them a short lesson.
- Wonderful camping. Keep it.
- That's marvelous, you were great keep that good work. You are indeed a family to care for others.
- We want our school to partner with Mmametlhake Family Care Centre for a holiday camp next year to develop them in sports and art and culture.
- It was my first experience to host a World Camp. The learners have enjoyed a lot.
- This is what our learners need for the future. Well done! Keep the good work up.

Nkotolane Primary School

- Our school consists of learners from poor families and child-headed learners; most of them are orphans and some parent are unemployed. We are facing difficult situations when we see and teach these learners. If the centre can donate anything e.g. clothing, food parcels etc. to these kids we can appreciate that.
- We as school we appreciate what you have done to our school. Our school is a needy school. So we ask for donation or whatever you have at your centre to help our school or our learners.

Tabane Primary School

- Honestly speaking, I do appreciate Mmametlhake Family Care Centre for hosting the camp at our premises for primary school learners. We wish to be a continuous activity in future.
- Honestly speaking I do appreciate Mmametlhake Family Care Centre for hosting the camp at our institution for primary school learners. We wish these could be a continuous activity for the years ahead.
- The lessons were done thoroughly and all learners were participated. The t-shirt that the learners have give us motivation about the next lesson that can takes place. Good catering and the learners were full of enjoyment and a good day.
- We appreciate the Mmametlhake Family Care Centre for enlightening us about the camp for the primary school learners we thought that the camp is meant for the FET learners only. We wish these could be a continuous activity for the years ahead. Let the Almighty God bless you abundantly.
- The camp is much appreciated. For future events and a holiday camp the school would want to be partner with MFCC. Learners were kept busy, away from streets and dangerous places. Learners have demonstrated much understanding and enjoyment of the lessons they were taught and their participation in activities. Well done. Keep it up!!!

- It was so fascinating: fun and enjoyable. If learners can in future get a chance of writing a little piece of what they learned throughout.
- On the overall the camp was good, the feeding, playing, dramas and all the activities made all learners, even the shy ones were able to participate.
- The presentation was outstanding, all learners attended were given a chance to participate, clear explanations were given. Dramas and practical activities were excellently performed.
